| Shipping Box   | (2) 36"w x 14"h x 14"d, 41 lbs total |

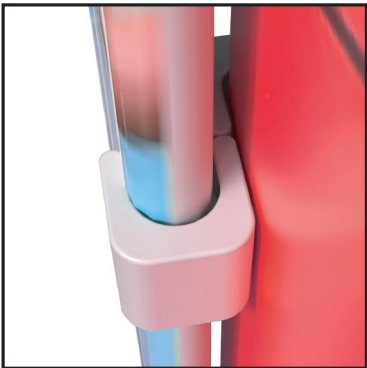

- ① Lay out parts according to the assembly diagram and push the pipes together. Insert center suport pole.

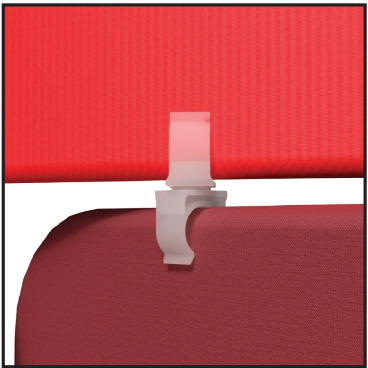

- ② Feed the fabric from the top of the frame, only a few feet at a time. Close the zipper.

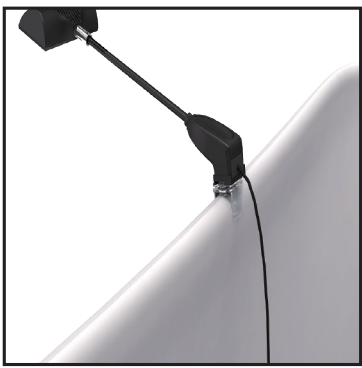

- ③ Set up the feet in the position that you want to erect the stand, lift the panel(s) and fit on the feet.

- ④ To lock the frames together, use the "S" shaped clamp. If you have a header in the kit you can fix to the top by using the clear plastic clips.

- ⑤ Attach the optional header using the clips to the display banner.

- ⑥ For optional lights, position as desired and clamp into place.
